## Control4® Decora Wired Keypad

## Control4® Decora Wired Keypad—C4-KCB

The Control4® Decora Wired Keypad combines beautiful aesthetics and flexible button configuration, providing a stunning user interface that elegantly controls any aspect of a Control4® system. Control lights, scene, music, security—the possibilities are endless. The keypad can be configured with two to seven buttons using four different button sizes for a total of 37 possible configurations. There's no need to worry about how many buttons will be needed on a specific keypad prior to (or even after) installation.

- · Includes a button kit with every button necessary to make any of the 37 possible button configurations
- Elegant, sophisticated design makes a beautiful addition to any home or business
- Custom engraving available to clearly identify each button
- · Backlit buttons with programmable color control for easy readability regardless of time of day or light level
- Programmable RGB LEDs provide status feedback for lighting and other devices in the system
- · Ambient light sensor automatically adjusts backlight and status LED brightness depending on the light level in the room
- Available in a wide array of gloss and satin colors (See Available Colors)
- Control4® screw-less faceplates, sold separately, provide a sleek profile (See Available Accessories)
- RS-485 Bus Communication
- Compatible with the 48V bus power supply
