PRODUCT OVERVIEW

Introducing the NYCE Control 3-button Keyfob for Access Control. This versatile product combines the features of a programmable remote control and ZigBee (802.15.4) radio into a single small device. Packed with intelligent features, the 3-button Keyfob expands Control4's network possibilities – allowing you to control access to your home and execute lifestyle features anywhere in the Control4 Zigbee network.

KEY FEATURES

- Compact Size
- Three color LED event indication/confirmation
- Long Battery Life (up to 5 years)
- Easy Battery Replacement
- 3 Programmable buttons (press-and-hold, single, double and triple tap)
- ZigBee wireless Low Power Communication
- Easy Device Association with Control4® Network
- Can be used anywhere within Control4® Network
- Seamless Network Rejoin with no delay
